SAINT is all about rides – rides our volunteers give to help their senior and disabled neighbors in Fort Collins and Loveland maintain their independence.

But they are more than rides. They really do make a huge difference in the lives of our clients. After all, if Joe can't get to the grocery store to stock his pantry, how can he stay in his home? If he can't get to the doctor to get treatment for the nasty cold he caught this winter, how can he stay healthy? If he can't get to the senior center to exercise or play cards with his friends, how can he stay happy and maintain a reasonable quality of life? All these activities and many more depend on reliable transportation. And that is what SAINT provides.

## From our Riders

"Best organization in town - a much needed service."

"I am very grateful for this service in Larimer county. The drivers are very courteous and always on time picking me up and bringing me home. The scheduler does a wonderful job scheduling rides."

"I only wish this service was available to every community in the country and beyond!"

"I have relied on SAINT for the past 10 years to stay independent. I greatly appreciate all of the volunteers & the staff! I don't drive due to vision loss from a brain injury. Since I live alone transportation is key to my survival. I feel very blessed that we have SAINT in Fort Collins!!!"
