FROM OUR RIDERS

I have used only Saint and only ever will. They are always on time, kind, thoughtful. I have a disability and they show me respect { I love that } and care about getting me to work. I am so thankful for Saints. My life would be a mess without them!!!

-Niki, rider of 3 yrs

Sometimes, I reach for the handle to open my door, but the driver is already there, opening it for me. Every time, I think, "I could get use to this!"

-Sal, rider

I appreciate all that Saint does. I don't know how I would get around if it wasn't for Saints. It would be nice to have a ride on Sundays to get to church. But I'm so grateful to get to medical appointments and grocery stores. Your just 100% awesome.

-Anonymous rider

Thank you for being there when needed. Your organization lives up to its name. *

-Anonymous rider

Thank you for being there when needed. Your organization lives up to its name.

-Anonymous rider

I use SAINT to get to and from my yoga classes and to dances at the senior center each month!

-Mara, rider

My everyday life would be much more complicated without those wonderful drivers!

-Dottie, rider

Since I have found SAINT, my daughter need not travel or worry about me. Your drivers are wonderful. Really.

-Anonymous rider

We couldn't have done it without your generous *support.*

SAINT gives rides — but anyone who has watched our volunteers in action knows it's never just a ride.

If Constance can't get to her routine heart appointments, how does she stay healthy?

If Matthew can't get to work each week, how does he keep his job and maintain his independence?

If John can't spend time at the senior center with friends, how does he stay connected and hopeful?

Everything that makes life manageable — and meaningful — depends on access. And this year, because of your support, more neighbors than ever were able to get where they needed to go. You helped provide more than transportation. You helped provide independence, community, and moments of kindness that linger long after the car door closes.

Thank you for making these connections possible.

Thank you

to all our donors,
volunteers, and
riders.
